Dear Jean: - WE were both delighted to receive your long letters - and wonderful invitation which we both accept with joy. Before hearing from you we had planned to do Ireland Scotland Denmark Norway Sweden Finland Poland Prague. Now we are going to do Ireland Scotland England. We sail from here on April 12 on the new SS France met by my car at Le Havre and leave direct for Ireland. I suppose it will take us 6 weeks. Now I answer your letter to me. I telephoned the director of my bank MR G Raham Mattison c/o DOMIRICK & DOMIRICK 14 Wall Street NYC he told me two of his sisters had married Dutchman who were in the tobacco business. He himself was seeing the following day the lawyer of the BRITISH Tobacco Co. I sent him your letter so now you or I must wait for news. MR Mattison has commercial contacts all over the world and is Nelson Rockefeller's right hand in BRASIL. I don't see how my move can fail as your letter was so impressive. You may have to change subject the important is that you are a leader of men and use to difficult responsibilities. you know how long I will be here, after write to Case Postale Mont Blanc 250 Genève Suisse. Dolores says when we take your trip she wants to see Egypt, I want to see ASSONAN. We will exchange letters several times before we meet
